General Note

Your booking contains the flight data valid at this point in time.

The Flight Ticket (including the Flex Option Ticket) is, unless governed by terms in these Conditions of Carriage, valid for a maximum of 12 months from the date of issue (booking date).

Due to the capacity situation at various European airports slight deviations in departure times may occur. For this reason, we recommend that you re-check the validity of flight times up to 24 hours prior to your scheduled departure time by referring to the flight schedule at our web site www.eurowings.com. You can also take advantage of our easy-to-use online and mobile check-in facility from all participating airports up to 72 hours before departure. Seat reservation: You can reserve a seat even after you have bought your ticket. You can do so up to the end of the check-in procedure before departure online or via our call centre. There is a fee per seat reservation (depending on the fare bracket) per passenger and leg (on domestic German flights add VAT). If you do not reserve a seat, you will automatically be allocated one at no extra cost when you check in.

Travel Media

With your booking you are entitled to download up to six digital publications free of charge depending on the booked fare. By clicking the link below you can download the title(s) of your choice to your mobile device before departure.

Check In

- For information regarding check-in opening and check-in closing times please refer to <https://www.eurowings.com/check-in-information>
- For passengers travelling with baggage, it is necessary to check it in at the designated baggage counter before closure time.
- Passengers who do not present themselves at check-in by the designated final check-in time for their flight will not be allowed to proceed with checking in for their flight.

- All passengers including children must present a legally acceptable form of photo ID.
- Please be aware of the current provisions regarding entry and stays in(to) the country you are travelling to. We would point out that for children under the age of 18, a certified consent form from parents or legal guardians is required for entry into certain countries. For more information you can contact the Ministry of Foreign Affairs of the Federal Republic of Germany or your own embassy. If you are denied entry into a country, you will be liable for any costs incurred (transport back to the departure country or home country, plus any administration costs, etc.).
- Each passenger may take one piece of hand baggage weighing up to 8 kg and with maximum dimensions of 55 x 40 x 23 cm on board. Larger and heavier items of baggage must be checked-in at the desk.
- Please note the new rules governing hand baggage on flights within the European Union, which apply as of 06.11.2006. You can read the new rules in full on www.eurowings.com as well as by consulting our General Conditions of Carriage.
- Registering luggage: please note that one item of luggage cannot exceed 32 kg in weight. Depending on the tariff booked items of luggage up to 32 kg may be included. Luggage checked in may incur a surcharge. For more information about luggage please go to www.eurowings.com or our General Conditions of Carriage.
- Outsized or special baggage must always be notified in advance. You may notify us of your intention to take such outsized or special baggage with you (e.g. golfing bags, ski equipment, surfboards, bicycles) either during your online flight booking, by telephone via our call centre or at the Germanwings ticket counter. Please note that if you intend to carry sporting weapons, this is only possible by notifying us via our call centre. On domestic German flights 19% VAT will also be charged on fees levied for the carriage of outsized or special baggage.
- Checked and cabin baggage equipped with a lithium battery (so called Smart Baggage) can only be carried if the lithium battery has been removed from the baggage. The lithium battery must be carried separately in the cabin. Due to safety reasons, baggage where the lithium battery cannot be removed, is forbidden for carriage.
- We shall not be liable for any items in your luggage such as medicines, documents, valuables, perishable, fragile, optical or electronic articles, money, jewellery, business documents, keys, cheques and credit cards etc.

Some airports may levy local on-the-spot charges that are not linked to the agreed Germanwings fare. These charges have to be paid in situ before departure.

Tariff Restrictions

- [Here](#) you will find all important information regarding our tariffs and tariff restrictions.
- If you are unable to take the flight you have booked, it is possible to transfer your ticket to another person. Name changes are possible on all Germanwings flights. Name changes can be made via the Germanwings call centre by quoting the booking code no later than 2 hours before check-in closes for the first flight of the whole journey. Please consult our General Conditions of Carriage for fees per person and booking for a name change. If the current flight fare is higher than the fare paid at the time of the original booking, the difference in fare must be paid.

Turnover Tax Evidence

Domestic German flights are subject to 19% VAT on the fare and additional services (e.g. excess luggage, rebookings). You will receive a *passenger receipt* for international flights as under Article 26 para. 3 of the Turnover Tax Act (UStG).

If your flight has been charged to an American Express I-BTA account the I-BTA invoice must be used for VAT input tax reclaim. An American Express Invoice will serve this purpose.

When a tax receipt is issued, all previously issued *passenger receipts* for this flight reservation cease to be valid.
